- LESS PLASTIC + MORE BEAUTY

ORGANIC

Those who are committed to a sustainable lifestyle can adopt various eco-friendly behaviors: from proper waste separation, to riding a bicycle to work and trying to produce less waste.

The same approach has led us to conceive a line for those who, like us, care about the Planet and want to reduce their beauty footprint, i.e. the impact of cosmetic products on the environment; choosing products with a virtuous production and disposal cycle, sustainable packaging and formulations that respect, not only the skin, but also the environment.

Precisely with this intention was born - LESS PLASTIC + MORE BEAUTY: four cosmetic lines, offering products that are increasingly friendly to the environment and nature, with clean formulations, at the same time effective and pleasant.

Cosmetics with the highest concentration of actives, based on phytocomplexes and dermocomplex plant extracts, eco-sustainable and organic, in which we have minimized the use of plastic with environmentally friendly packaging; the consumption of water in the formulation and in the production process and the usage of means and energy in transport, thus helping to reduce CO2 emissions and pollution.

- LESS PLASTIC + MORE BEAUTY includes HOLOSPHERE, a 3in1 skincare line; - LESS WATER + MORE BEAUTY, a concentrated body and hair cleansing line; the SOLID COSMETICS line; and the DEODORANT BUTTERS line.

In -LESS PLASTIC + MORE BEAUTY, traditional craftsmanship blends with technological innovation and formulation research for timeless cosmetics, suspended between the past and the future, drawing on Nature for inspiration and the synergistic power of its active ingredients; giving it back all the care and respect it deserves, through eco-sustainable packaging, processes with reduced environmental impact and ingredients that are good for the Planet.

BIO

-Less Plastic +More Beauty family expands and completes the offer with three must-have products in eye-catching colors and gourmet fragrances, for a skin care routine so enjoyable, you won't be able to do without them.

There are three declinations of the Scrub butters: Purifying, Cucumber and Watermelon scented, to refresh and purify the skin; Antioxidant Citrus and Vanilla scented, with moisturizing and anti-radical properties; and Stimulating, Cocoa and Cappuccino scented, for a toning and energizing effect.

Made with Shea Butter and organic cane sugar, Scrub Butters are the must-have product for gently exfoliating the skin, leaving it nourished and radiant.

BUTTER SCRUB LINE

BUTTER SCRUB CUCUMBER & WATERMELON - PURIFYING

Cucumber Juice, Plantain Extract, Sesame Oil, Shea Butter

Multifunctional Butter Scrub enriched with precious phytoextracts: soothing and purifying Cucumber juice, Plantain and Marine Oak extracts, Sesame oil and Shea butter to keep the skin soft and protected. ORGANIC

When showering is not only a pleasure, but also a gesture to take care of the environment, the watchword is “-Less Water +More Beauty”, 3 Bath Cream and 1 Shampoo 3in1, multi-active and concentrated.

Multifunctional actives take care of skin and hair far beyond simple cleansing; concentrated formulas save precious water for the Planet; aluminum packaging replaces plastic; and less bulky bottles make transportation a lower-impact process for the environment (250 ml concentrated cleanser = 1 liter traditional cleanser).

For environmentally sustainable showers and demanding skin that is not satisfied with simple cleansing.

- LESS WATER + MORE BEAUTY LINE

CONCENTRATED BATH CREAM - REACTIVATING DETOX CLEANSER

with Horsetail, Centella Asiatica, Nettle, Activated charcoal, Chili pepper, White grapes

250 ml = 1 Liter

Multi-active concentrated organic bath cream: a tiny amount for an entire shower! Enriched with 3in1 multifunctional actives that make it not only cleansing, but also reactivating and detoxifying: horsetail, Centella Asiatica and nettle to purify and awaken our body, which in synergy with active charcoal, white grape and chili receives the right energy and vitality.

Ingredients (INCI EU/CTFA): Aqua (Water), Sodium coco-sulfate, Aloe barbadensis leaf juice*, Sodium lauroyl sarcosinate, Cocos nucifera (Coconut) oil, Sodium lauryl sulfoacetate, Prunus amygdalus dulcis (Sweet almond) oil, Cocamidopropyl betaine, Coco-glucoside, Glyceryl oleate, Glyceryl caprylate/caprate, Vitis vinifera (Grape) fruit extract*, Citric acid, Helianthus annuus (Sunflower) seed oil, Urtica dioica (Nettle) leaf extract, Centella asiatica extract, Equisetum arvense extract, Glycerin, Capsicum frutescens resin, Charcoal powder, Tocopherol, Benzyl alcohol, Benzoic acid, Sodium benzoate, Dehydroacetic acid, Potassium sorbate, Parfum (Fragrance)**.

HOLOSHERE LINE

ORGANIC

Multisensory, multitasking and customizable, the Holosphere line fully embraces the holistic concept by translating it into formulations that use the synergistic power of multifunctional phytocomplexes to restore beauty to face, body and hair.

Holosphere consists of nine face, body and hair treatments: four 3in1 Balms and five Elixirs, to be used individually in purity or in synergy with the Base Conditioner to build a tailor-made beauty routine.

Floral suggestions, novel fragrances and cocoon textures capture the senses for a complete wellness experience.

LIGHTNESS - PURIFYING DETOX BALM face / body / hair

with Rice and Sesame oil, Horsetail, Nettle, Sea buckthorn, Borage, with Hazel, Calendula, Sea lavender flower

Based on purifying, balancing and remineralizing multifunctional phytocomplexes, this 3in1 Balm helps boost radiance and vitality of tired and stressed face, body and hair. Brisk, fresh and fruity notes lend lightness to a voluptuous floral bouquet that rests on round, seductive notes. A bright and carefree fragrance.

- Face - Combination and oily skin with impurities, enlarged pores, pimples
- Body - Heavy legs, greying skin with impurities
- Hair - Oily hair and skin; hair loss

Ingredients (INCI EU/CTFA): Oryza sativa (Rice) bran oil, Helianthus annuus (Sunflower) seed oil, Hydrogenated vegetable oil, Sesamum indicum (Sesame) seed oil*, Isoamyl laurate, Borage officinalis seed oil, Squalane, Calendula officinalis flower extract, Equisetum arvense extract, Hamamelis virginiana (Witch hazel) bark/leaf/twig extract, Urtica dioica (Nettle) leaf extract, Hippophae rhamnoides fruit extract, Tocopherol, Parfum (Fragrance), Linalool, Limonene, Geraniol, Hydroxycitronellal.

STRENGTH - RESTRUCTURING REGENERATING BALM face / body / hair

with Extra virgin olive and Argan oils, Echinacea, Helichrysum, St. John wort, Black currant, Chamomile, Rosehip, Star anise fruit

Based on multifunctional restructuring, regenerating and soothing phytocomplexes, this 3in1 conditioner helps preserve evenness and radiance of fragile and delicate face, body and hair. Gourmand and fruity notes are enraptured by intense amber undertones supported by the delicious sensuality of vanilla. A fragrance that envelops the senses in an embrace.

- Face - Wrinkles and loss of tone, dull complexion and uneven texture; sensitive skin
- Body - Stretch marks and loss of tone; insect bites; post epilation/shaving
- Hair - Dull, brittle and brittle hair

Ingredients (INCI EU/CTFA): Olea europaea (Olive) fruit oil*, Helianthus annuus (Sunflower) seed oil, Hydrogenated vegetable oil, Argania spinosa kernel oil, Isoamyl laurate, Ribes nigrum (Black currant) seed oil, Squalane, Chamomilla recutita (Matricaria) flower extract, Echinacea angustifolia root extract, Helichrysum italicum extract, Rosa canina fruit extract, Hypericum perforatum (Saint John's Wort) flower/leaf/stem extract*, Tocopherol, Parfum (Fragrance).

VITALITY - REVITALIZING DRAINING BALM face / body / hair

with Avocado oil, Pumpkin, Walnut, Grapeseed, Evening primrose, Birch, saffron, Asian centella, Gallic rosebud

Based on revitalizing, draining and firming multifunctional phytocomplexes, this 3in1 balm helps maintain a fresh, firm and even appearance of face, body and hair weakened by time, weather, pollution and poor habits.

Aromatic freshness gives way to the oriental allure of spices and a floral and exotic sensuality wrapped in notes that are both deep and vigorous. An intoxicating fragrance that captures the senses.

- Face - Skin sagging, loss of tone; blemishes, uneven complexion; puffiness and dark circles.
- Body - Water retention, cellulite blemishes, skin sagging
- Hair - Hair loss

Ingredients (INCI EU/CTFA): Persea gratissima (Avocado) oil, Hydrogenated vegetable oil, Helianthus annuus (Sunflower) seed oil, Cucurbita pepo (Pumpkin) seed oil, Isoamyl laurate, Juglans regia (Walnut) seed oil*, Oenothera biennis (Evening primrose) oil, Squalane, Vitis vinifera (Grape) seed oil, Centella asiatica extract, Betula alba leaf extract, Crocus sativus stigma extract, Tocopherol, Parfum (Fragrance), Linalool, Limonene, Eugenol, Geraniol, Citronellol, Benzyl salicylate.

ORGANIC

SOLID COSMETICS LINE

- LESS PLASTIC + MORE BEAUTY

Small actions can help bring about big changes. With small gestures, we can change ourselves, our environment, and our future.

Taking care of your body and your well-being is one of those simple daily actions that you can and must transform into something different, conscious, supportive, and sustainable.

With this intention comes - LESS PLASTIC + MORE BEAUTY: the new cosmetic line by Sapone di un Tempo, made up entirely of solid cosmetics. Products that are increasingly respectful of the environment and nature but, at the same time, effective and above all pleasant.

Cosmetics with the highest concentration of active ingredients, rich in dermocompatible, eco-sustainable, organic plant extracts from which we have completely eliminated the use of plastic, thanks to eco-friendly packaging.

FSC cardboard: backed by an international certification for the sustainable management of the planet's forests.

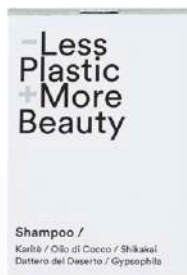

0% Plastic - 100% Beauty

Solid cosmetics in which we have combined technological innovation and research with the processes of artisanal soap making.

Past and future in synergy for cosmetics that respect the environment – thanks to a process that has a very low environmental impact – and the individual, thanks to effective, concentrated, rich formulations.

SOLID SHAMPOO - DAILY USE

with Shikakai, Desert Date, Baby's Breath

ORGANIC AND ECO-FRIENDLY CLEANSING PRODUCTS LINE

ORGANIC

100% UNIQUE AND NATURAL

Our body and our planet are unique. Why use synthetic products when nature offers us a whole series of raw materials and active ingredients that have been used for centuries and are equally valid, but also respect you and the environment?

This question led to creating our complete line of certified organic and natural washes for body and hair care from Sapone di un Tempo.

Organic aloe vera juice is the heart of this line, and all its regenerating, protective, softening, soothing, and healing properties are present in our shower gel, shampoo, hand and body washes, and intimate hygiene soap.

In relation to the specific product, the most suitable and delicate plant-origin surfactants were used, with a very effective cleansing power, and all authorized by the main guidelines for organic cosmetics.

The fragrances derive only from pure essential oils that were selected for their scents, as well as to reinforce and enhance the properties of their formulas. The power and effectiveness of nature that respect both you and the environment.

CHAPSTICK LINE

ORGANIC

Simplicity and protection, from Nature to your lips

Sapone di un Tempo chapstick is a real protective and repairer treatment for dehydrated and chapped lips, to which it gives softness thanks to a formula rich in precious oils and 100% green extracts.

With a melting and impalpable texture, the chapstick is the ally for velvety, smooth and plumped up lips.

CHAPSTICK

EMOLLIENT AND MOISTURIZING

Peach

A real moisturizing, protective and anti-aging treatment for smooth, plumped and soft lips. Precious organic jojoba oil and shea butter strengthen lips' natural defenses, creating a protective film against external agents; while organic sesame oil and chamomile extract smooth out fine lines caused by dehydration, making lips smooth and velvety again. In addition, its special formulation is enriched with microspheres of Hyaluronic Acid and Konjac with a filler, plumping and volumizing effect. With a melting texture and a delicious peach scent, Emollient Moisturizing Chapstick is the ally of dehydrated lips that need to regain turgidity, fullness and an immediate and lasting feeling of comfort. 100% green, natural, organic and vegan formula.

Ingredients: Simmondsia Chinensis (Jojoba) Seed Oil, Euphorbia Cerifera (Candelilla) Wax, Butyrospermum Parkii (Shea) Butter*, Caprylic/Capric Triglycerides, Cetyl Ricinoleate, Copernicia Cerifera (Carnauba) Wax, Aroma (Flavor), Oryza Sativa Cera, Sodium Hyaluronate, Helianthus Annuus (Sunflower) Seed Oil, Chamomilla Recutita (Matricaria) Flower Extract, Tocopherol, Sesamum Indicum (Sesame) Seed Oil*, Ethylhexyl Palmitate, Trihydroxystearin, Amorphophallus Konjac Root Extract.

CHAPSTICK

NOURISHING AND PROTECTIVE

Vanille

A real repairing and protective treatment for chapped lips, to which it gives softness thanks to a rich, velvety formula. Organic jojoba oil and shea butter create a protective film against external agents and strengthen the lips' natural defenses, while Echinacea and Arnica extracts with regenerating properties repair even the driest lips. In addition, its formulation is enriched with organic argan oil and babassu oil, valuable for their deep nourishing and restorative action. With a melting texture and a luscious vanilla scent, Nourishing Protective Chapstick restores comfort and softness to even the most chapped lips, providing immediate and lasting relief. 100% green, natural, organic and vegan formula.

Ingredients: Simmondsia Chinensis (Jojoba) Seed Oil, Euphorbia Cerifera (Candelilla) Wax, Butyrospermum Parkii (Shea) Butter*, Caprylic/Capric Triglycerides, Cetyl Ricinoleate, Copernicia Cerifera (Carnauba) Wax, Aroma (Flavor), Argania Spinosa Kernel Oil*, Oryza Sativa Cera, Helianthus Annuus (Sunflower) Seed Oil, Echinacea Angustifolia Root Extract, Tocopherol, Arnica Montana Flower Extract, Orbignya Oleifera Seed Oil.

SPACARE LINE

ORGANIC

Beauty is a ritual

A beauty care ritual is made up of daily gestures, of relaxing your body and mind, of time dedicated to yourself. Inspired by traditions from the Orient and, just like in a real spa, they create an actual routine marked by rituals for well-being, with exquisite sensory textures, light and evocative scents, to relax signs of fatigue while toning and giving your skin a brighter-look, your body new freshness, and your hair new shine.

This led us to develop our **SPA CARE** line: a refined, invaluable cosmetics line created with a respect for nature, like all of our Sapone di un Tempo products, which are the result of a quest for innovative ingredients from the plant world.

A real beauty gift to help renew, regenerate, and rediscover yourself. The use of technologically-developed natural micas, which are capable of capturing and reflecting light in delicate hues, are combined with precious tsubaki (also known as camellia seed oil, from the Japanese camellia flower), regenerating pearl extract, delicate rose water, and extract from the versatile Bixa orellana, for radiant skin and shiny hair.

Quality, research, respect, eco-sustainability all come together for a beauty ritual that is rich, unique, and inestimable, just like our body and our planet.

BATH CREAM

VELVETY

with Tsubaki Oil, Pearl Extract, Damask-Rose Water

An actual beauty ritual dedicated to body care. This eco-bio bath cream is formulated with precious and innovative natural ingredients. From the Japanese tradition, it contains tsubaki oil, silky and velvety to the touch, extracted from the seeds of the Japanese camellia, as well as delicate and protective pearl extract for glowing skin, and precious organic Damask-rose water, combined with delicate natural surfactants that create a soft foam and leave a pleasant velvety sensation on the skin. Natural pigments capture light to reflect glow and vitality.

INGREDIENTS: Aqua (Water), Aloe Barbadensis leaf Juice*, Sodium Coco Sulfate, Lauryl Glucoside, Camellia Japonica Seed Oil, Rosa Damascena Flower Water*, Hydrolyzed Pearl, Cocamidopropyl Betaine, Glyceryl Caprylate Caprate, Glycerin, Pectine, Citric acid, Mica, Xanthan Gum, Benzyl Alcohol, Titanium Dioxide, Carrageenan, Gluconolactone, Sodium Benzoate, Potassium Sorbate, Sodium Gluconate, Calcium Gluconate, Parfum (Fragrance)**.

BABY NATURAL CARE

From our direct experience and
the one of all the other mothers

From the direct experience of mothers and their needs comes the Baby Natural Care line by Sapone di un Tempo, created with delicate, natural raw materials. Simple and essential.

Formulations with few specific ingredients, dedicated to the sensitive skin of newborns and babies, which cleanse, nourish, and protect.

We wanted to reserve a delicate but effective line for the well-being of little ones. A line that respects the natural sensitivity of their skin, from head to toe, like a caress from mother nature.

NOZZ LINE

ORGANIC

From Nature, the right protection for a bite-free summer!

A natural and organic cosmetic line that includes Milk spray and baby cream, formulated to be unpleasant for insects, thanks to the combined action of organic neem oil and Labrador tea (Ledum palustre) whose flowers and leaves act as an insect repellent; Fresh and soothing gel for insect bite relief, with Lithospermum erythrorhizon, a natural "antihistamine" plant complex rich in shikinin that soothes, rehydrates, and increases the skin's natural defenses.

BABY CREAM

NoZz

Unpleasant For Insects

with Labrador tea,
Organic Neem Oil,
SKIN SAVE®

A delicate cream formulated to be unpleasant to insects thanks to the combined action of organic neem oil (whose properties include the ability to keep away insects) and Labrador tea (Ledum palustre). Widely used in homeopathy, the flowers of Labrador tea have a sweet and spicy scent with a repellent action. Also enriched with SKIN SAVE®, a plant complex rich in polyphenols with extracts of caper, prickly pear, and olive of Mediterranean origin that ensures delicate protection.

INGREDIENTS: Aqua (Water), Cetearyl Alcohol, Prunus Amygdalus Dulcis (Sweet almond) Oil, Butyrospermum Parkii (Shea) Butter*, Methyl Glucose Sesquisteate, Caprylic/capric Triglyceride, Oryza Sativa (Rice) Bran Oil, Ethylhexyl Stearate, Glycerin, Melia azadirachta Seed Oil*, Ledum Palustre Extract, Capparis Spinosa Bud Extract, Olea Europaea (Olive) Leaf Extract, Opuntia Ficus-Indica Stem Extract, Isoamyl Laurate, Sodium Lactate, Maltodextrin, Sorbitol, Sodium Gluconate, Tocopherol, Sodium PCA Benzyl Alcohol, Benzoic Acid, Dehydroacetic Acid, Caprylyl Glycol, Parfum (Fragrance)**.

SUNSCREENS LINE

- LESS POLLUTION + MORE PROTECTION

Our complete SUNSCREEN line is developed with highly environmentally-friendly formulations, rich in naturally protective plant ingredients, with important skin protection factors that include UVA, UVB, and blue light.

The main ingredients in our sunscreens are:

Karanja Pongamia oil, native to India and rich in extraordinary properties, which is extracted from cold-pressing the seeds of the pongam tree. This oil is very rich in antioxidant molecules that help protect the skin from external aggressions, such as from sunrays, and have the remarkable ability to absorb part of the sun's UVA and UVB rays;

Organic white grape extract is rich in beneficial substances and nutrients, as well as minerals, anthocyanins, flavonoids, polyphenols, and vitamins. Known for its antioxidant properties, it also exerts a strong action against free radicals that cause premature skin aging;

Tyrosol, derived from olive trees, has powerful antioxidant and antiradical properties and is a key ingredient with a protective effect against UVB solar radiation, recently studied and proven as being able to protect against blue light and the oxidative stress it causes;

Organic shea butter, with special softening and nourishing properties, which softens skin and restores and preserves its function as a natural physical barrier;

Organic aloe vera juice, rich in polysaccharides. Recent studies have proven its moisturizing and protective efficacy, thanks to its reepithelialization and soothing properties;

Reef-friendly zinc oxide, which has been specially studied in particle size and for its physical characteristics, in order to ensure maximum safety in terms of sun protection and maximum compatibility with the marine ecosystem.

100% NATURE, BEAUTY, AND PROTECTION

In fact, our sunscreens have been selected for the **POSITIVE REEF INITIATIVE** project, which studies environmental interaction and interaction with marine fauna, as well as how to protect and consciously manage it through sustainable choices, such as through the use of sunscreens that do not contain harmful and non-compatible ingredients, like chemically- or synthetically-derived filters do.

3-IN-1 BODY & HAIR DRY OIL

MOISTURIZES, NOURISHES AND PROTECTS

Multi-purpose dry oil that moisturizes, nourishes, and protects skin and hair in a practical and fast manner. Formulated with pongamia oil, very rich in antioxidant molecules, it is able to absorb sunlight and protect from salt and sun and is enriched with precious and nourishing organic extra virgin olive oil. A cosmetic to be used both in summer and winter, also ideal for those who practice outdoor sports. A light spray formula for convenient application and rapid absorption with SPF 15.

This multi-purpose dry oil is part of our cosmetic line that supports the POSITIVE REEF INITIATIVE project, which studies environmental interaction and interaction with marine fauna, as well as how to protect and consciously manage it through sustainable choices, such as through the use of sunscreens that do not contain ingredients that are harmful and non-compatible with the marine ecosystem.

INGREDIENTS: Pongamia Glabra Seed Oil, Isoamyl Laurate, Olea Europaea (Olive) Fruit Oil*, Tocopherol, Parfum (Fragrance)**.

AFTER-SUN MOISTURIZING MILK

with **7 Medicinal Plants, Skin Save, Organic Aloe Vera Juice**

Our after-sun moisturizing milk has a pleasantly refreshing effect, contains organic aloe vera juice with re-epithelializing and soothing properties, and is enriched with a multi-herbal complex containing 7 medicinal plants: Centella asiatica (gotu kola), Japanese honeysuckle, Scutellaria (skullcap), green tea, licorice, chamomile, and rosemary, which have restorative and anti-oxidant properties particularly suitable for sundried skin.

The combined repairing action of SKIN SAVE®, which is a plant complex based on extracts of caper, prickly pear, and olive of Mediterranean origin, makes this after-sun milk a valid aid for skin that is sensitized by exposure to sun.

After-sun moisturizing milk supports and is approved by the POSITIVE REEF INITIATIVE project, which studies environmental interaction and interaction with marine fauna, as well as how to protect and consciously manage it through sustainable choices, such as through the use of sunscreens that do not contain ingredients that are harmful and non-compatible with the marine ecosystem.

INGREDIENTS: Aqua (Water), Aloe Barbadensis Leaf Juice*, Prunus Amygdalus Dulcis (Sweet almond) Oil, Helianthus Annuus (Sunflower) Seed Oil*, Caprylic/capric Triglyceride, Ethylhexyl Stearate, Sucrose Polystearate, Sesamum Indicum (Sesame) Seed Oil*, Sodium Stearoyl Glutamate, Oryza Sativa (Rice) Starch, Capparis Spinosa Bud Extract, Olea Europaea (Olive) Leaf Extract, Opuntia Ficus-indica Stem Extract, Isoamyl Laurate, Maltodextrin, Centella Asiatica Callus Extract, Polygonum Cuspidatum Root Extract, Scutellaria Baicalensis Root Extract, Camellia Sinensis Leaf Extract, Rosmarinus Officinalis (Rosemary) Leaf Extract, Glycyrrhiza Glabra (Licorice) Root Extract, Chamomilla Recutita (Matricaria) Flower Extract, Lavandula Hybrida Grosso Herb Oil, Mentha Arvensis (Wild mint) Leaf Oil, Glycerin, Tocopherol, Cetyl Palmitate, Benzyl Alcohol, Propanediol, Sorbitol, Sodium Gluconate, Sodium PCA, Benzoic Acid, Dehydroacetic Acid, Caprylyl Glycol, Sodium Lactate, Linalool, Limonene, Geraniol.

SHEA BUTTERS LINE

ORGANIC

Moisturizing, Nourishing, Antiage.

Shea butter is extracted from a small nut, the fruit of the shea tree that grows spontaneously in Africa. Extracting shea butter from these nuts is mostly a manual job and entails a long process. The fruits are harvested, the pulp is removed to reach the nut, which is then dried or roasted.

The butter obtained has softening, nourishing, moisturizing, and antioxidant properties that make it an excellent natural product for skin care, even for the most delicate skin. Shea butter is a versatile natural cosmetic.

It can be used alone for moisturizing and nourishing the skin of your body, hands, and face or it can replace your body cream after bathing or showering, applied and massaged in small quantities on damp skin. Shea butter can also be useful and effective as a hair mask for particularly dry and brittle hair, as a soothing agent for insect bites or small burns, as an after-shave balm, and it can regenerate cracked skin of hands and feet or chapped lips.

Sapone di un Tempo uses 100% pure organic shea butter, or blended with other oils, to increase and enhance its properties.

100% organic shea butter enriched with argan oil, the oil of eternal youth. Thanks to the antioxidants, flavonoids, and fatty acids it contains, shea butter improves elasticity, moisturizes, and nourishes. Ideal for mature skin.

HYDROLATES LINE

ORGANIC

100% organic and pure.
One single product with a thousand uses to discover

Hydrolates (or aromatic waters) are obtained from the distillation of medicinal plants that are freshly harvested in order to preserve all their beneficial properties. Two substances are obtained from this distillation: hydrolate and essential oil. A hydrolate is the aqueous substance that is collected in a decantation still through a condensation process; an aromatic water that contains minimal amounts of the essential oil and its water-soluble molecules, therefore, partially preserving its properties.

A hydrolate can be used as a tonic in your facial cleansing routine and, in relation to the plant from which it is distilled, it can also be used as a lotion for oily or dry hair, in beauty masks, and as an after-sun tonic to refresh and soothe your skin overall.

ORGANIC HYDROLATE ORANGE BLOSSOM

Organic orange blossom hydrolate tones, refreshes, soothes, and moisturizes skin. An excellent ally for dry, sensitive skin, it is also used for its calming and relaxing properties.

INGREDIENTS: Citrus Aurantium Amara Flower Water, Potassium Sorbate, Sodium Benzoate, Citral, Farnesol, Geraniol, Limonene, Linalool.

MASSAGE OILS LINE

ORGANIC

An innovative cosmetic line for the oldest cosmetic treatment

An innovative line of natural and organic body massage oils created specifically for various needs.

Organic jojoba oil is the common ingredient used in our massage oils. It is glycerin-free and is a vehicle for other noble oils, since its lipid composition is similar to the skin's, allowing for easy absorption.

100% INGREDIENTS
OF NATURAL ORIGIN

ANTI-AGING OIL

ETERNAL YOUTH

with Jojoba, Avocado, Red Vine's Seed, Blackcurrant, Salvia Sclarea, Lavender

Eternal Youth oil, the anti-aging oil par excellence. Jojoba oil moisturizes and firms, while it also promotes the absorption of avocado, grape vine, and blackcurrant noble oils that perform nourishing, anti-wrinkle, and antioxidant actions while improving elasticity, and that also stimulate cell renewal and collagen production, restoring the skin barrier. Suitable for delicate skin. Scented with pure essential oils, like Salvia sclarea (clary sage), which helps regulate the production of sebum, shrink pores, and makes skin firmer and smoother, and also lavender, with a regenerating action on the epidermis.

INGREDIENTS: Persea Gratissima Oil, Ribes Nigrum Oil, Vitis Vinifera Seed Oil, Simmondsia Chinensis Seed Oil, Salvia Sclarea Flower Oil, Lavandula Hybrida Oil, Tocopherol, Linalool, Geraniol, Citronellol, Limonene.

100 ml - cod. OCB01
Box 1 pc

JOINT PAINS OIL

AFTER SPORT CARESS

with Jojoba, Arnica, Devil's Claw, Hemp, Niaouly

After-Sports Caress oil is a cosmetic for fatigue and joint pain. Jojoba oil is excellent for moisturizing and firming, and it also promotes the absorption of noble oils, such as hemp rich in Omega 6, which has an anti-inflammatory and anti-rheumatic action, as well as being a natural antioxidant. Arnica oil, which is obtained from the maceration of Arnica montana flowers in sunflower oil, also has anti-inflammatory as well as analgesic properties for circulation, muscles, and joints. Scented with niaouly essential oil that stimulates circulation, also thanks to a slight balsamic effect, while also having anti-rheumatic and analgesic properties.

INGREDIENTS: Cannabis Sativa Seed Oil, Helianthus Annuus Seed Oil, Zea Mays Germ Oil, Simmondsia Chinensis Seed Oil, Harpagophytum Procumbens Root Extract, Heterotheca Inuloides Flower Extract, Melaleuca Viridiflora Leaf Oil, Tocopherol, Limonene.

100 ml - cod. OCB02
Box 1 pc

DRY AND DELICATE SKIN OIL

SWEET NOURISHMENT

with Jojoba, Macadamia, Rice, Palmarosa

Sweet Nourishing oil is perfect for delicate, dry, and chapped skin. Jojoba oil is excellent for moisturizing and firming, and it also promotes the absorption of macadamia oil rich in fatty acids, with a non-greasy composition that nourishes and rebalances the lipid secretion of the epidermis. Rice oil is a natural source of vitamin E, which is nourishing, regenerating, and emollient for the skin and is also an important antioxidant. Scented with palmarosa essential oil that has moisturizing, regenerating, antiseptic, and sebum-regulating properties.

INGREDIENTS: Macadamia Ternifolia Seed Oil, Oryza Sativa Bran Oil, Simmondsia Chinensis Seed Oil, Cymbopogon Martini Herb Oil, Tocopherol, Geraniol, Linalool, Farnesol, Limonene, Citral.

100 ml - cod. OCB03
Box 1 pc

ENERGIZING, SENSUAL OIL

AWAKENING SENSES

Jojoba, Borragine, Sandalo, Ylang Ylang

Awakening Senses oil stimulates, energizes, and awakens the senses thanks to essential oils with an invigorating, softening, and aphrodisiac effect. Jojoba oil is excellent for moisturizing and firming, and it also promotes the absorption of borage oil, used to regulate female hormones and more. It is a natural antioxidant, both for impure skin and dry skin. Scented with sandalwood essential oil that has anti-depressant and anti-stress properties and also has an aphrodisiac effect. It is described as one of the most effective aromas for intimate encounters, while ylang-ylang essential oil, with its sweet intense scent, has an aphrodisiac effect and exerts a regulating action on the heart, calming tachycardia and palpitations.

INGREDIENTS: Sesamum Indicum Seed Oil, Borago Officinalis Seed Oil, Simmondsia Chinensis Seed Oil, Cananga Odorata Flower Oil, Santalum Album Wood Oil, Tocopherol, Benzyl Benzoate, Benzyl Salicylate, Farnesol, Geraniol, Linalool.

ORGANIC

From plants, beneficial properties for body and spirit care

Abbiamo selezionato solo oli essenziali puri e biologici al 100%. Vengono estratti con la massima cura da piante e fiori che provengono esclusivamente da coltivazioni Biologiche selezionate e controllate. Sono ottenuti tramite distillazione in corrente di vapore o spremitura a freddo. Racchiudono tutte le molteplici proprietà benefiche delle piante e sono da sempre utilizzati per il benessere e la cura del corpo e dello spirito.

OLI ESSENZIALI BIOLOGICI
E PURI AL 100%

ESSENTIAL OILS LINE

ORGANIC STAR ANISE ESSENTIAL OIL

Organic star anise essential oil, extracted through steam distillation, has a fragrance rich in nuances, from sweet to pungent. This essential oil is known as a tonic, with estrogen-like and antispasmodic qualities, particularly useful for abdominal bloating, cramps, indigestion, gas, and nausea. This essential oil can help in the treatment of several skin diseases, including acne. Star anise is toxic to many insects, so it is also an excellent ally in the fight against lice and scabies. Another peculiar characteristic of star anise is its aphrodisiac effect and its scent stimulates lack of appetite and frigidity. Organic Star Anise essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems.

Caution: The essence is quite intense, therefore, it should not be used pure but diluted. Since it has estrogen-like properties, the use of this oil is not indicated during pregnancy nor in individuals with hormonal problems nor in children. Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Illicium Verum Oil.

15 ml - cod. OEB01
Box 1 pc

SWEET ORANGE ESSENTIAL OIL

Sweet orange essential oil is extracted through pressing or distillation of orange peels and has a fresh, sweet, and fruity scent. It is reportedly used as antispasmodic, and also has soothing, digestive, antiseptic diuretic, and circulation stimulating properties.

Sweet orange essential oil is astringent and purifying. This is why it is mainly used in treating impure skin and acne. It also helps refresh skin and tone connective tissue, reducing superficial wrinkles and improving the overall appearance of skin. Orange essential oil can support the healing of gingivitis or gum disease. Thanks to its delicate fragrance, it is also used in aromatherapy to promote a good mood as well as being an excellent sedative, helping adults and children reconcile sleep. Sweet orange essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** This oil is photosensitizing. Avoid applying it to skin before exposure to sun. Always dilute before applying to skin. Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Citrus Aurantium Dulcis Peel Oil.

15 ml - cod. OEB02
Box 1 pc

ORGANIC ATLAS CEDAR ESSENTIAL OIL

The essential oil extracted from the wood of the organic Atlas cedar has a warm, intense, balsamic, and woody scent. Used for aromatic baths but, above all, for invigorating massages, cedar oil acts as a general fortifier and energy tonic and is indicated in all cases of chronic fatigue and weakness. Cedar has decongestant properties, it is slightly diuretic, stimulates lymphatic flow, and is suitable for formulating oils for a draining and anti-cellulite action. It is also astringent and antiseptic and very beneficial for skin care, as well as for itchy scalp, dandruff, flaking, hair loss, and rough and asphyxiated skin. With its deeply virile, balsamic, and woody scent, this oil is also considered capable of reinforcing spirituality. Organic Atlas cedar essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** The essence is quite intense, therefore, it should not be used pure but diluted. Since it has estrogen-like properties, the use of this oil is not indicated during pregnancy nor in individuals with hormonal problems nor in children. Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Cedrus Atlantica Bark Oil.

15 ml - cod. OEB03
Box 1 pc

ORGANIC LEMONGRASS ESSENTIAL OIL

The essential oil extracted from organic fresh lemongrass has a refreshing, herbaceous, sweet, and floral scent. Lemongrass essential oil is widely used to repel insects, as an alternative to chemical repellents, especially for children, and can be applied to dog fur also as an insect and parasite repellent. If applied to skin or sprayed in the air, it repels mosquitoes. If used for cleaning floors, it naturally sanitizes, deodorizes, and keeps away ants and other insects, while also being beneficial in case of insect bites, fatigue, excessive sweating, oily skin, and acne. Two drops on wrists or on a handkerchief offer a feeling of well-being and freshness and relieve that bothersome heavy-head feeling. Alternatively, you can mix two drops of oil in humidity trays for a warm citrusy aroma throughout the house. Organic lemongrass essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** Should be used diluted. Do not use during pregnancy. Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Cymbopogon Winterianus Herb Oil.

15 ml - cod. OEB04
Box 1 pc

ORGANIC LEMON EUCALYPTUS ESSENTIAL OIL

This organic essential oil is extracted from the stems and leaves of the lemon eucalyptus tree (*Corymbia citriodora*). It has a strong fresh, sweet balsamic scent that is reminiscent of lemongrass. Lemon eucalyptus essential oil is very effective as an antiseptic and anti-inflammatory in the presence of infectious skin problems. If diluted, it can be used for cleansing, dressing, and healing small burns, wounds, and also herpes. A few drops added to shampoo or lotion fights dandruff and seborrhea. It can also be sprayed to purify the air and keep insects away. Some varieties of eucalyptus tree are called "fever tree", since they were used to reduce fever and also have antiseptic properties. Eucalyptus is particularly beneficial for respiratory tract disorders, thanks to its mucolytic, expectorant, and decongestant actions. Two drops of essential oil can be mixed with body cream and applied on the chest for an immediate sense of relief from coughs. Organic lemon eucalyptus essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** Eucalyptol oil is toxic if ingested. For external use only. Do not use if pregnant, asthmatic, or in children.

INGREDIENTS: Eucalyptus Citriodora Oil

15 ml - cod. OEB05 - Box 1 pc

ORGANIC HELICHRYSUM ESSENTIAL OIL

Organic Helichrysum (or strawflower) essential oil has beneficial properties that make it suitable for naturally preventing various disorders. Helichrysum essential oil is particularly used for skin care, since it can be used for soothing sunburns, and it is also used for imperfections caused by acne, irritation, redness, and insect bites. The anti-inflammatory properties of Helichrysum also make it a very effective natural remedy for relieving allergy symptoms, eczema, and arthritis. It can prevent both respiratory and food allergies and can be useful in catarrhal bronchitis and persistent coughs. Helichrysum essential oil may also combat free radicals and help keep the epidermis young. Organic Helichrysum essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Helichrysum Bracteiferum Oil

15 ml - cod. OEB06 - Box 1 pc

ORGANIC LAVENDER ESSENTIAL OIL - ORIGINAL FRENCH

Organic *Lavandula angustifolia*, or lavender, is the most precious variety of this plant. The essential oil is extracted through distillation of its flowers and has a fresh, floral, sweet, and balsamic scent. This essential oil has a strong anti-inflammatory and decongestant effect that makes it very useful in treating slight inflammatory problems affecting the skin and mucous membranes. It can also promote the healing of cuts, wounds, insect bites, small burns, and acne injuries. *Lavandula angustifolia* essential oil has, in fact, more calming and soothing properties than other varieties of lavender. The best quality lavender must be collected by hand, which produces a higher-quality essential oil that is more finely scented. Since it is a delicate essence, lavender can also be used for children. Organic lavender essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: *Lavandula Officinalis* Oil

15 ml - cod. OEB07 - Box 1 pc

ORGANIC HYBRID LAVENDER ESSENTIAL OIL

Organic hybrid lavender is a variety of lavender developed from the cross-pollination of *Lavandula angustifolia* and *Lavandula latifolia*. The essential oil has a fresh, herbaceous, and floral scent with camphor tones. Hybrid lavender has both strong anti-rheumatic properties (for the local treatment of rheumatic and muscular pain) and mucolytic and expectorant properties (for the treatment of upper respiratory tract disorders with vaporizers). It, however, has no calming properties, like lavender does, because of its camphor content. Hybrid lavender essential oil is suitable for treating all skin types. It combats excess oiliness and keeps skin young and supple. An aromatic lavender bath in the evening helps release all the stimulation received throughout the day and re-harmonizes, allowing you to find peace of mind and find yourself again. A couple of drops on your pillow will help you fall asleep. Organic hybrid lavender essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: *Lavandula Hybrida* Oil

15 ml - cod. OEB08 - Box 1 pc

ORGANIC LEMON ESSENTIAL OIL

Organic lemon essential oil is extracted by cold pressing lemon peels. With its fresh, citrusy, light aroma, this essential oil, from a plant with reinforcing and energetic fruit, helps increase tone and vitality. It has an astringent effect with a toning and decongestant action for venous and lymphatic circulation. It has a purifying, healing, astringent, and antiseptic effect on the skin, while it also improves skin elasticity, for skin that tends to develop stretch marks, it is useful for oily skin with acne, and for brittle nails as well. Lemon essential oil has an effect on stress-related insomnia and headaches. It invigorates and tones but also helps relax. Organic lemon essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** This oil is photosensitizing. Avoid applying it to skin before exposure to sun. Always dilute before applying to skin. Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Citrus Limonum Oil

15 ml - cod. OEB09 - Box 1 pc

ORGANIC LITSEA CUBEBA ESSENTIAL OIL

Organic *Litsea cubeba*, or simply litsea, is a pale yellow-colored essential oil. Its intense fragrance is similar to Verbena or lemongrass but with a more flowery note. The essential oil, which is obtained through the steam distillation of the plant's berries, has an intense and fruity citric scent that is suitable for helping with mental clarity and energy. Perfect for a light-filled awakening and an invigorating shower, it can be diffused in the air here you study and work, since it helps to counteract fatigue and increase concentration. Litsea can also be used to combat skin aging and prevent skin laxity. The benefits of litsea on our body are countless: it helps support the immune system, stimulates digestion, is a tonic for the heart and respiratory system, counteracts inflammation of ligaments, and facilitates treating rheumatism. Organic *Litsea cubeba* essential, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** Always dilute before applying to skin. Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: *Litsea Cubeba* Oil

15 ml - cod. OEB10 - Box 1 pc

ORGANIC GREEN MANDARIN ESSENTIAL OIL

Organic green mandarin essential oil, extracted through cold pressing green mandarin peels, has a fresh, citrusy aroma, with a sweet hue. Mandarin essential oil has a relaxing and soothing effect that is very good if diffused in the air and for aromatic baths. Due to its calming effect on the nervous system, green mandarin is particularly suitable for use in the evening, to ease tension, induce a peaceful and pleasant climate, and predispose adults and children to sleep. For its digestive and antispasmodic properties, green mandarin oil can be used for intestinal spasms and bloating and for stubborn hiccups. It can also improve lymphatic circulation and promote fluid reabsorption in the event of water retention and cellulite. Organic green mandarin essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** This oil is photosensitizing. Avoid applying it to skin before exposure to sun. Always dilute before applying to skin. Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Citrus Reticulata Oil

15 ml - cod. 0EB11 - Box 1 pc

ORGANIC WILD MINT ESSENTIAL OIL

Organic wild mint essential oil is obtained from the whole plant, which is harvested during the blooming period, and undergoes steam distillation. It has a fresh, mentholated, herbaceous scent, with sweet-balsamic tones. Organic wild mint (*Mentha arvensis*) essential oil stimulates the nervous system, granting relief for both physical and mental fatigue. It promotes concentration and helps with insomnia and general fatigue. Wild mint essential oil also has disinfecting, antiseptic, and anti-inflammatory properties. It is also used as a toner and astringent to purify the skin or in treating acne, congested skin, eczema, and dermatosis. Its use in a diffuser releases a pleasant and fresh fragrance, with expectorant, disinfecting, soothing, and relaxing effects.

Organic wild mint essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** Not to be used during pregnancy and in children under three years of age. It is irritating for mucous membranes. Dilute before use. Do not apply to large areas of skin, in order to prevent a "chilling" effect. Do not use with homeopathic treatments, because mint can neutralize the effect of the remedies. Keep out of the reach of children.

INGREDIENTS: Mentha Arvensis Oil

15 ml - cod. 0EB12 - Box 1 pc

ORGANIC NIAOULY ESSENTIAL OIL

Organic niaouly essential oil is obtained through steam distillation of the leaves of the *Malaleuca viridiflora*. It has a fresh, balsamic but delicate scent with an expectorant and antiseptic action, as well as a relaxing action, useful in recuperating calmness and serenity during stressful moments, especially when nervousness acts on the psyche causing stress and headaches. If inhaled, it is a useful decongestant. It helps to fluidify and eliminate mucous in case of colds, sinusitis, and cough. It is indicated as an aid in diseases of the respiratory tract for children since it is very delicate. Niaouly essential oil also helps strengthen the skin's defenses against bacteria, viruses, and fungal infections. Combined with vegetable oil, it is indicated for itching, eczema, and insect bites. Two drops in a teaspoon of honey are useful for disorders and inflammation of the urinary tract. It is an oil that protects and heals. Organic niaouly essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems.

Caution: Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Melaleuca Viridiflora Oil

15 ml - cod. 0EB13 - Box 1 pc

ORGANIC PALMAROSA ESSENTIAL OIL

Organic palmarosa essential oil is obtained through steam distillation of the fresh or dried green parts of the plant. It has a fresh, floral, rosy scent that is particularly pleasant. It could have an anti-inflammatory action and is useful against wrinkles, stress, and nervousness. Palmarosa essential oil has bactericidal, antimicrobial, and disinfecting properties, which make it a valid ally in case of alterations in intestinal flora, as well as being considered a good tonic, stimulant, and expectorant, useful for treating several respiratory tract infections. It is also a valuable ally for treating mental fatigue, nervousness, and stress, thanks to its stimulating action on the nervous system. A complete and indispensable ingredient, palmarosa essential oil is indicated in case of acne, dermatitis, minor skin infections, scars, sores, and wrinkles, thanks to its moisturizing, regenerating, antiseptic, and antifungal properties. Organic palmarosa essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems.

Caution: Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Cymbopogon Martini Oil

15 ml - cod. 0EB14 - Box 1 pc

ORGANIC PATCHOULY ESSENTIAL OIL

Organic patchouly essential oil is extracted from the dried leaves of the plant through steam distillation. It has a sweet and intense fragrance. This essential oil is widely used in aromatherapy especially, thanks to the antidepressant and anxiolytic effects it seems to have. In fact, it seems to exert a stimulating action, inducing the production of endorphins, hormones responsible for well-being and, therefore, it is beneficial for anxiety and stress. Patchouly is also considered an aphrodisiac capable of increasing libido, as well as promoting concentration and energy. This oil can help with water retention and cellulite and stress-induced headaches, thanks to its astringent action on the circulatory system. Mixed with massage oil, it works to repair skin tissue, counteracting the formation of stretch marks and wrinkles, and it is useful for dry, tired skin and in disorders such as dermatitis, acne, and cracks. Organic patchouly essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems.

Caution: Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Pogostemon Cablin Oil

15 ml - cod. 0EB15 - Box 1 pc

ORGANIC SCOTCH PINE ESSENTIAL OIL

Organic Scotch pine essential oil is extracted from the distillation of buds, needles, and twigs of the Scotch pine tree and has a fresh, resinous forest scent. Scotch pine essential oil has a great stimulating and invigorating effect and is useful in case of fatigue and low blood pressure, apathy, states of convalescence, and depression. It is recommended for showers and aromatic baths, for invigorating massages, and helps improve breathing if diffused in the air. Scotch pine also has an antiseptic action on the respiratory and urinary tract, and it is also an expectorant, balsamic, with a fluidifying action, and very useful in treating respiratory tract diseases, such as colds, sinusitis, cough, tracheitis, and bronchitis. Organic Scotch pine essential oil of, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** Dilute before applying to skin. Do not use for children and the elderly. Use in moderation. Internal use is not recommended. Keep out of the reach of children.

INGREDIENTS: Pinus Sylvestris Oil

15 ml - cod. 0EB16 - Box 1 pc

ORGANIC RAVINTSARA ESSENTIAL OIL

Organic Ravintsara essential oil is extracted from the leaves of the Ravintsara (meaning "good leaf") tree. It is a very powerful antiviral, and its action has been demonstrated by scientific studies against influenza, Epstein-Barr, herpes simplex, and herpes zoster. It also has anti-infective, expectorant, and neurotonic properties. Ravintsara essential oil is useful for influenza, bronchitis, nasopharyngitis, sinusitis, and colds but also to counter insomnia, anxiety, fatigue, and nervous exhaustion. Studies conducted a few years ago have shown that Ravintsara essential oil is one of the most powerful natural anti-virals known. It can be used externally for rubbing and massaging on chest, soles of feet, and spine. For inhalations, add 5 drops in hot water. For rinsing, add 4 drops in a glass of water, 2 or 3 times per day. Use diluted, topically on skin, in the presence of viral infections. Can also be used in essence diffusers. Organic Ravintsara essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems.

Caution: Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Cinnamomum Camphora Oil

15 ml - cod. 0EB17 - Box 1 pc

ORGANIC SPANISH SAGE ESSENTIAL OIL

Organic Spanish sage essential oil has been widely used in Europe because of its beneficial properties. Characterized by an intense aroma, it is obtained from the distillation of the leaves and stems of Spanish sage. Spanish sage essential oil has a balancing action for the female hormonal and menstrual systems. Its use is well known for excessive sweat. This oil also helps balance the neurovegetative system, stimulating the nervous system and combating depression, weakness of nervous origin, and introversion. Its use in diffusers can be a broad-spectrum antiseptic for purifying the air, and its delicate fragrance helps with asthenia, apathy, abatement, and depression. Organic Spanish sage essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems.

Caution: Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Salvia Lavandulifolia Oil

15 ml - cod. 0EB18 - Box 1 pc

ORGANIC TEA TREE ESSENTIAL OIL

Organic tea tree essential oil is obtained from Melaleuca alternifolia. Known for its many properties, it is a powerful natural antibiotic, thanks to its broad-spectrum antibacterial, antiviral, and antifungal action. It is indicated in case of respiratory tract infections that cause pharyngitis and tonsillitis, as well as fever, bronchitis, colds, and sore throats. Tea tree essential oil is used as an antifungal for skin and nail fungi, as an antiviral for herpes and warts, and as an antibiotic for infected sores, wounds, burns, and for pyorrhea. Also known for its mucolytic effect, its vapors can help breathing and in fighting flu symptoms. Tea tree oil is recommended for topical use on particularly delicate areas, such as mucous membranes, and can reduce inflammation in case of irritation, gingivitis, mouth sores, burning and itching, and dental abscesses. Tea tree oil is also used as an effective remedy against lice, which can affect school-age children and also adults, and against animal parasites. Organic tea tree essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Melaleuca Alternifolia Oil

15 ml - cod. 0EB19 - Box 1 pc

ORGANIC YLANG-YLANG ESSENTIAL OIL

Organic ylang-ylang essential oil is made from the scented ylang-ylang or cananga tree. It has a sweet, floral scent. When inhaled, it has a relaxing effect on the nervous system, alleviating disorders such as anxiety, depression, irritability, nervousness, and insomnia. Ylang-ylang essential oil can create harmony in the event of contrasts, anger, or frustration, because it promotes understanding and restores the desire to love. The essence is able to lower blood pressure and reduce symptoms from stress, such as palpitations and tachycardia. It is also an erotic essential oil, useful for awakening the senses, for those who do not know how to let go. It removes doubt, insecurities, and blocked feelings. Ylang-ylang is of great help in repressed femininity because it liberates joy, sensuality, euphoria, and internal security. It is also indicated for acne and excessive sebum production. Dilute a few drops in facial cleanser to tone and brighten skin. Organic ylang-ylang essential oil, like the entire line of Sapone di un Tempo essential oils, can be mixed with other oils, for a more specific result or for specific problems. **Caution:** Internal use is recommended only after careful assessment by skilled health professionals. Keep out of the reach of children.

INGREDIENTS: Cananga Odorata Oil

15 ml - cod. 0EB20 - Box 1 pc

COSMETICS OILS LINE

VEGAN

Precious oils for the well-being of skin and hair

Vegetable oils, precious ingredients for skin and hair care, are generally obtained by cold pressing of seeds and fruits.

Consisting mainly of fatty acids and vitamins, they are indispensable for health and beauty of the skin.

They are structurally compatible with our skin and strengthen its lipid barrier, maintaining or restoring elasticity, softness, tone and hydration.

Cosmetic oils can be applied pure or blended, or even used carrier oils together with essential oils, enriching them with their properties.

100% PURE

ARGAN OIL - 100% PURE

Argania Spinosa Kernel Oil

Argan oil is produced in a particular area of Morocco. It is extracted manually from the fruits of the Argania spinosa, without using machinery but only traditional manual techniques handed down among the women of the area.

It has multiple properties that depend on the precious substances it contains. Vitamin A and E, linoleic acid, Omega 3 and Omega 6, and essential fatty acids make it an excellent ally of the skin in many cases. It is ideal for fighting wrinkles, thanks to vitamin E and the concentration of antioxidants that characterizes it.

As a hair treatment, argan oil is great for dry hair and can be used as a hair conditioner, alone or mixed with shea butter. Like the entire line of Sapone di un Tempo cosmetic oils, it can be mixed with other oils, for a more specific result or for specific problems.

prodotto
VEGAN ATTITUDE

100 ml - Glass bottle
cod. OC01
Box 1 pc

COCONUT OIL - 100% PURE

Cocos Nucifera Oil

Coconut oil is obtained from the fruits of the coconut tree (Cocos nucifera) that is typical of the tropics. The seed of the coconut is removed of its outermost fibrous shell and inner shell, to expose its white delicious flesh. The kernel of the coconut, the copra, is dried and used in preparing the oil (after being pressed and refined), since it contains about 65% fat. Pure coconut oil is distinguished by the fact that it has the consistency of butter at temperatures below approximately 25°C, above which it softens until it becomes oil. Rich in medium-chain saturated fatty acids, such as caprine, caprylic, capric and lauric, it has a soothing and emollient action and helps make dry skin elastic and firm. It is also moderately antiseptic due to the presence of lauric acid. Coconut oil, like the entire line of Sapone di un Tempo cosmetic oils, can be mixed with other oils, for a more specific result or for specific problems.

Caution: If it solidifies, just place the bottle in a water bath, over a radiator, or under hot water for a few minutes.

Box 1 pc

WHEAT GERM OIL - 100% PURE

Triticum Vulgare Germ Oil

Wheat germ oil, obtained by cold pressing wheat germ (Triticum vulgare) without the use of solvents, is known to be a real concentrate of Vitamin E (tocopherol), the skin vitamin par excellence, a powerful antioxidant that protects the skin from free radicals, preserving it from aging and cell degeneration.

Wheat germ oil, like the entire line of Sapone di un Tempo cosmetic oils, can be mixed with other oils, for a more specific result or for specific problems.

prodotto
VEGAN ATTITUDE

100 ml - Glass bottle
cod. OC03
Box 1 pc

JOJOBA OIL - 100% PURE

Simmondsia Chinensis Seed Oil

Jojoba oil (Simmondsia chinensis) is obtained from the seeds of the jojoba shrub, however, it is not an actual oil but a "liquid wax". While all other seed oils also contain glycerin (triglycerides) in their molecule, jojoba oil does not contain glycerin, and its is a linear, unbranched molecule. This may explain why it is easily absorbed by the skin and why it can penetrate through the small pores of the epidermis and the interstitial spaces of the dermis.

Unlike all other vegetable oils, jojoba oil is chemically very similar to human sebum. Consequently, a good part of the oil and its ester, isopropyl and alcoholic derivatives, are used in cosmetics and for personal care products, especially for skin and hair. It also contains tocopherols (powerful natural antioxidants), vitamin F, and minerals.

Jojoba oil, like the entire line of Sapone di un Tempo cosmetic oils, can be mixed with other oils, for a more specific result or for specific problems.

SWEET ALMOND OIL - 100% PURE

Prunus Amygdalus Dulcis Oil

Sweet almond oil is the most traditional oil known and used in cosmetics for its emollient, softening, nourishing, and soothing properties for the skin of adults, but also for the delicate skin of children and infants. It is obtained through cold pressing almonds, the eatable seeds of the *Prunus amygdalus* or *Prunus dulcis* tree, without the use of chemical solvents. The oil is extracted and used in its pure state.

Box 1 pc

MACADAMIA OIL - 100% PURE

Macadamia Integrifolia Seed Oil

Macadamia oil (*Macadamia integrifolia* seed oil) is derived from macadamia nuts, fruits native of the Australian rainforests, now known worldwide for their beneficial properties. A macadamia tree can reach 12 meters in height, and its fruit is a great source of monounsaturated fatty acids.

This oil is very rich in oleic acids (typical of olive oil) and palmitoleic acid, substances that make it a cosmetic oil with excellent eudermic properties.

8 056459 832077
100 ml - Glass bottle
cod. 0C06
Box 1 pc

ROSEHIP OIL - 100% PURE

Rosa Moschata Seed Oil

Rosehip oil is extracted by cold pressing the seeds contained in the berries of this rose that grows spontaneously, especially in the Andean regions of Chile.

This cosmetic oil has always been used as an "elixir" for young, fresh skin. It has a high content of essential polyunsaturated fatty acids that regenerate and renew skin tissue.

8 056459 831957
100 ml - Glass bottle
cod. 0C07
Box 1 pc

GRAPESEED OIL - 100% PURE

Vitis Vinifera Seed Oil

Grape seed oil (*Vitis vinifera* seed oil) is obtained by pressing grape seeds. The beneficial properties of grapes have been known since ancient times, and each grape seed contains a concentrate of active, anti-aging substances for skin.

Light, with a high content of polyunsaturated acids, grape seed oil is rich in linoleic acid and polyphenols known for their antioxidant properties.

8 056459 832084
100 ml - Glass bottle
cod. 0C08
Box 1 pc

NEEM OIL - 100% PURE

Melia Azadirachta Seed Oil

Neem oil is a vegetable oil obtained from cold pressing the seeds of the *Azadirachta indica*, belonging to the *Meliaceae* family. In India it is known as "Arishta" or "the tree capable of curing all diseases". The Arabs call it "Shajar-e-Mubarak" meaning "blessed tree".

Neem oil is made up of several substances, including triterpenes and fatty acids, in particular oleic acid and stearic acid, which make it similar to both olive oil and cocoa butter. This means that neem oil has interesting eudermic as well as moisturizing and emollient properties, and it integrates very well with the hydrolipidic film of the skin.

Neem oil has numerous other properties, including anti-parasitic, anti-inflammatory, and anti-fungal ones, and it contains active ingredients that can counteract viruses, bacteria, and fungi. Neem oil seems to be one of the most effective natural remedies for insect bites and scalp parasites and also for animals and plants as an effective pesticide that is completely natural and eco-friendly.

NATURAL SOAP LINE 100 gr soap – 1000 gr soap bar

Nature and tradition secular of the artisan soap making

Sapone di un Tempo natural soap is cold produced and manufactured according to the centuries-old tradition of artisan soap making. This saponification process, which takes place at a very low temperature, keeps the active substances of the ingredients unaltered and makes the soap soft and elastic. In addition, the foam it releases, gently cleanses in a natural way.

The craftsmanship is slow and accurate: the saponification process begins in the mixer and continues for several days in open wooden boxes. The cutting of the final block, formed inside the box, is still done by hand, as are all the other operations.

The basic ingredients are plant-based and no animal fats or industrial grease are used.

REAL MARSEILLE SOAP

La vera tradizione per l'igiene efficace e delicata.

Il sapone naturale di Marsiglia SAPONE DI UN TEMPO è prodotto a freddo in recipienti di legno a cielo aperto con la stessa metodologia della tradizione dei mastri saponai e con oli vegetali di cocco e oliva. E' ideale per il lavaggio a mano degli indumenti, anche quelli più delicati. Strofinato direttamente sulle macchie è efficace con ogni tipo di sporco, anche quello più difficile.

Può essere utilizzato anche per l'igiene del corpo e grazie alla sua composizione ed all'assenza di profumi è ideale per ogni tipo di pelle.

NATURAL SOAP FLAKES

Sapone di un Tempo natural soap flakes are made by hand. They are a natural washing detergent for all clothes both white and colored, even delicate ones, both by hand and in the washing machine.

The soap flakes can also be used as an additive to increase the effectiveness of detergent in the case of very dirty laundry.

HOW TO USE

By hand: dilute about 30 grams of flakes (one tablespoon) for every 5 liters of water.

In the washing machine: put about 60 grams of soap flakes (two tablespoons) directly into the basket of the washing machine.

Soap flakes can also be used to make excellent liquid detergents for both household and body.

LIQUID LAUNDRY WASH: Dissolve about 150 grams (4-5 tablespoons) in 2 liters of hot water. Use the resulting liquid detergent in the washing machine tub (100 ml each wash).

HAND AND BODY LIQUID SOAP: dissolve 2-3 tablespoons for every 500 ml of hot water.

SHOWER GLOVES: insert soap flakes into a shower glove to make a soapy mitt for bathing.

HANDMADE NATURAL SOAP FLAKES FOR LAUNDRY AND PERSONAL HYGIENE

ALEP SOAP LINE

Alep soap: a soap unique in the world

Aleppo soap has been produced for generations using artisanal techniques handed down from father to son.

Only natural ingredients such as olive oil, laurel berry oil, and soda extracted from sea salt are used.

After pouring and cooling, the soap is cut into loafs and left to dry for 10-12 months.

The characteristic reddish-brown color is due to the soap's natural oxidation in the air and is an indicator of quality.

It is a pure and natural product without preservatives, suitable for all skin types.

Laurel berry oil is known to have important healing properties and is therefore useful in treating eczema, acne, psoriasis and other blemishes.

It can also be used as a shaving cream, and in the home, in the closet and drawers, it is an excellent moth repellent.

Its use is also recommended for laundry washing, for those who need natural detergents, and for those with allergies caused by synthetic detergents.
